**RESPONSE TO OFFICE ACTION**

Sir:

In the Office Action dated April 5, 2005, the Examiner stated that the Response filed December 2, 2004 was non-responsive because a Substitute Specification was omitted, which should have shown the Amendments made on May 30, 2001 and October 9, 2001. A Substitute Specification was submitted with the application on May 30, 2001, showing all amendments to the Specification as detailed in the accompanied Preliminary Amendment. The Amendment dated October 9, 2001 did not amend the Specification. While all Office Actions previous to the April 5, 2005 Office Action did not request that another Substitute Specification be submitted, both a marked-up Substitute Specification and a clean version of the Substitute Specification are submitted.

Respectfully submitted,

Gerald P. Parsons
